

Every Month

there are thousands of women who nearly suffer death from irregular menses. Sometimes the "period" comes too often—sometimes not often enough—sometimes the flow is too scant, and again it is too profuse. Each symptom shows that Nature needs help, and that there is trouble in the organs concerned. Be careful when in any of the above conditions. Don't take any and every nostrum advertised to cure female troubles.

BRADFIELD'S FEMALE REGULATOR

is the one safe and sure medicine for irregular or painful menstruation. It cures all the ailments that are caused by irregularity, such as leucorrhoea, falling of the womb, nervousness, pains in the head, back, breasts, shoulders, sides, hips and limbs. By regulating the menses so that they occur every twenty-eighth day, all those aches disappear together. Just before your time comes, get a bottle and see how much good it will do you. Druggists sell it at \$1.

TRANS-ATLANTIC TRAVELERS.

Furnished Special Attendants by the Pennsylvania System.

The bureau of attendants for Trans-Atlantic Travelers established in Jersey City and New York City twenty years ago by the Pennsylvania System has proven a great convenience to persons making European trips and to tourists arriving in America at that port. It will be particularly convenient for visitors to the Paris exposition because the departure docks of most of the Atlantic steamship lines are convenient to the new Jersey City passenger station of the Pennsylvania railroad company.

This bureau consists of experienced agents whose duties are to meet passengers arriving in Jersey City and New York over the Pennsylvania lines and as list them in arranging for Trans-Atlantic trips via any of the steamship lines by conducting them to steamships and aiding in preparations for a trip abroad. These agents will provide cabs operated by the Pennsylvania system and aid passenger with their baggage. They are fully posted on matters pertaining to steamships leaving New York, and arrangements can be made through them for procuring st. ship tickets in advance.

They also meet incoming steamships to aid travelers in shipping details for continuing journeys from New York over the Pennsylvania lines by furnishing tickets, arranging for the transfer of baggage from steamship docks after it has been passed by custom inspectors, and having the same checked through to destination. They will reserve sleeping car accommodations and relieve persons of the foregoing details, making themselves useful as attendants and guides free of charge.

Further information on the subject may be obtained by addressing the nearest Pennsylvania travel agent, or W. W. RICHARDSON, District Passenger Agent, Indianapolis, Ind.

SOUTHERN WINTER

Finds the British Army in Africa Unprepared For Coming Severities.

BRITONS' HOPES FALL

Lord Roberts' Brilliant Dash Into Bloemfontein Is Now Having Its Reaction In Various Setbacks.

Without Any Other Alternative the British Army Is Settling Down For a Winter Campaign.

London, April 10.—The first direct intelligence from Mafeking for some days has been received under date of March 27. On that date there was the most vigorous bombardment of the season, under cover of which the Boers advanced to the face of the works, but retired upon coming within rifle range. On that date word had been received at the besieged garrison of the advance of the southern relief column.

Allwal North, April 10.—An engagement took place yesterday at Wepener. The Boers' Victor Maxims did considerable execution at first, but the British guns soon got the range and dealt great havoc. The Rouxville Guards have gone to Wepener.

The fighting at Wepener was severe and lasted all day long. The Boers received a check. The casualties were rather heavy on both sides. Another commando is advancing toward Wepener from Dewetsdorp.

London, April 10.—Britons are now beginning, though reluctantly, to realize that Lord Roberts is in for a winter campaign, lasting several months. This is the end, in a few words of the high hopes based upon Lord Roberts' brilliant dash to Kimberley and Bloemfontein.

Preparations are being made to hold Bloemfontein against surprises. Lord Kitchener has been given an important duty, being responsible for the protection of the railway, while Lord Roberts is waiting for reinforcements and winter clothing for the troops, whose thin khaki uniforms and boots are worn out. Gen. Brabant and Gen. Gatacre are both at a standstill. Lord Roberts will probably for some time confine his operations to clearing the Free State behind him of the raiders and to relieving Mafeking, for which purpose apparently the eighth division, now advancing at Cape Town, has been ordered to Kimberley.

Lady Sarah Wilson and other Mafeking correspondents send diaries of the doings there, showing that the Boers have tried, by abandoning their trenches, to lure the besieged out into a mined ambush. Fortunately the British engineers discovered the mine, cut the wire communication and unearthed 250 pounds of dynamite and war material. What the chances are for an advance to Pretoria may be judged from the fact that only from 6,000 to 10,000 horses are on their way to the Cape and from the further fact that the military tailoring departments only within the last three weeks began making woolen khaki uniforms. It is said it will take at least two months to provide 200,000 uniforms.

Mr. Steyn's address to the Free State read at Kroonstad is confirmed.

The Fischer-Wolmar's deputations has full power to negotiate for peace, subject to the raid's sanction. Lady Roberts will remain at Cape Town. The Duke of Westminster, the Duke of Marlborough and Lord Henry Cavendish Bentinck have gone to the front.

The Cripple

Who is crippled by accident or deformity hardly understands the meaning of the word "crippled," as compared with the victim of rheumatism. He is not only bent and twisted, but also racked with pain so cruel that he envies the cripple who stumps along on a wooden leg, whistling as he goes. Rheumatism is known to-day as a blood disease. It can only be cured through the blood.

That powerful blood-purifying medicine, Dr. Pierce's Golden Medical Discovery, cleanses the blood of the acid poisons which cause rheumatism. When the blood is cleansed the rheumatism is cured.

There is no alcohol in "Golden Medical Discovery" and it is absolutely free from opium, cocaine, and all other narcotics.

Mr. R. J. McKnight, of Cades, Williamsburg County, S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors, and two of them gave me up to die. None of them gave me any good. The pain in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of 'Golden Medical Discovery,' and four vials of 'Pellets,' and to-day my health is good, after suffering twelve years with rheumatism."

The sluggish liver can be cured by the use of Dr. Pierce's Pleasant Pellets.

Railways and Telegraph Safe.

Bloemfontein, April 9.—The railway and telegraph are working well. Works and trenches have been prepared in suitable positions around Bloemfontein. The greatest vigilance is exercised. Some of the troops sleep in the trenches. Confirmation has been received of the report that the Boers are in danger in considerable force with guns at Donkerspoort, 18 miles southeast. The British scouts report another body still closer. The Boer patrols have grown very daring, venturing much nearer our tents. Two captured Boers agree that only 50 men remained unrounded out of the whole British column captured at Reddersburg. Gen. Gatacre and his staff were fired on from enclosures while they temporarily occupied Reddersburg.

School Children Greet Kruger. Philadelphia, April 10.—One of the greatest demonstrations of sympathy both in number of participants and in enthusiasm displayed, ever shown in this city for any foreign nation took place last night when the Academy of Music was jammed with people for the purpose of taking part in the Philadelphia school boys' pro-Boer rally. The primary object of the gathering was to send a message of greeting to President Kruger, signed by 22,000 pupils of the schools of this city. The message will be conveyed in person by a deputation of three boys who will sail for Pretoria tomorrow.

Mysterious Movements. Bloemfontein, April 9.—The movement of troops continues with bewildering frequency, brigades and divisions appearing and disappearing at brief intervals. No specific accounts of such movements are permitted.

CONGRESSIONAL ACTIVITIES

Question of Getting Out Full Vote on Porto Rican Bill Is Uppermost.

Washington, April 10.—After some further discussion the senate yesterday rejected the sectarian school amendment to the Indian appropriation bill offered by Mr. Jones (Dem., Ark.) by a vote of 50 to 16. As has been the practice for two or three years, the free homes measure was offered as an amendment to the bill, but it was ruled out on the point of order that it was general legislation and therefore not germane to an appropriation bill. Without division the bill was passed. The measure carried about \$8,414,000.

An unsuccessful effort was made to agree upon a date for a vote on the resolution relative to the seating of Mr. Quay as a senator from Pennsylvania. During the last two hours of the session, the Alaska civil code bill was under consideration. An amendment offered by Mr. Hansbrough concerning the title to mining claims in Cape Nome district provoked a warm debate.

It was a dull day in the house. The agricultural appropriation bill was under consideration and was made the vehicle of considerable desultory debate on irrelevant political topics. Good progress was made with the bill after the close of general debate, 25 of the 37 pages being covered before adjournment.

Great activity was manifested in getting out a full vote for the approaching final contest on the Porto Rican bill. The urgent telegrams sent by supporters of the bill to absent members brought a number of responses, but it was developed that the number of absentees was unusually large and the telegraphic exchanges gave no positive assurances that all these absentees would return. This introduced an element of doubt on the final result and encouraged the opponents of the bill to claim that there was still a good fighting chance to defeat it.

A Mysterious Crime.

Desoto, Mo., April 10.—The dead body of Mrs. Charles Burehart was discovered lying in bed yesterday with her throat cut. Every circumstance indicated that she was murdered while asleep the night before. Her husband was missing, and upon investigation all his personal effects and clothing were missing. As Burehart and his wife were happily married no reason for the crime is given.

Argentine Diplomat Robbed. Washington, April 10.—Senator Antonio Del Viso, the Argentine chargé d'affaires here, reported to the police last night that his house had been entered and robbed of jewelry amounting in value \$5,000 and consisting of scarf pins, Portuguese and Italian crosses, a valuable watch, a gold box and other valuables. The police are investigating the affair.

Klondike Expectations.

Victoria, B. C., April 10.—A careful inspection of the dumps on Hunker and Donkush creeks, Klondike, enables a Yukon paper to estimate that these two creeks, with their tributaries, will this spring clean up four and a half millions. Three individual claims have half a million to their credit. Water has already commenced running in the creeks and the clean up has commenced.

After Murderers of Boy.

Wheeler, W. Va., April 10.—Over in Belmont county, O., in the vicinity of Somerton, where 14-year-old Clarence Warrick was murdered early Sunday morning, the entire countryside is aroused and if the guilty persons are captured they will be lynched unless spirited away.

Wouldn't Surrender.

Brownsville, Tenn., April 10.—Robert Matthews, the negro who shot and wounded deputy sheriff, W. B. Nash, Saturday, was overtaken yesterday afternoon by a posse and upon refusing to surrender was shot to death.

NAVAL ACTIVITIES

Conditions in the East Require the Presence of American Warships.

MORE SOLDIERS NEEDED

Difficulty in Securing Sufficient Men to Man the New Battleships Creating Conjecture.

American Interests Off the Chinese Main Land Being Safeguarded by Uncle Sam's Big Guns.

Washington, April 10.—The difficulty in securing a sufficient number of soldiers to man the new battleships and other naval craft which are being turned out by our ship builders has led to the suggestion that some larger vessels of Admiral Watson's squadron be withdrawn from the Philippines to make up the complements of the new ships at home. It is stated at the navy department, however, that no action in that direction has been determined upon and in view of the expected arrival on the Asiatic station within a fortnight of Admirals Remy and Kempff, and the ensuing division of the naval force on the station into two squadrons, it is not contemplated that any change will be made.

The navy department officials realize that for the purpose for which the navy is now employed in the Philippines, small light draft gunboats are more valuable than big battleships and monitors, with their numerous crews. Still conditions in the east are so unsettled as to make a withdrawal of any portion of the large United States force impossible at this time, in view of the possibility of wholesale demand for protection of American interests from points on the mainland of Asia. It is possible that a consideration of the possibilities in this direction has influenced the navy department in the disposition of the ships in the east, though it is also possible that Admiral Watson himself has seen fit to give the necessary orders without instructions from Washington. However that may be, it has been so arranged that an American warship will be at hand for some time to come at no less than three properly distributed points on the main land, which will serve as station of refuge in case they are needed. Thus at Hong Kong there are now two vessels and these are from time to time relieved by others needing repairs. At Foo Chow, opposite Formosa and about half way up the coast of China, the Yorktown will spend some time in drydock. The Cassin is undergoing repairs further north at Shang Hai, and the Wheeling is lying in the mouth of the river at Taku, as sentinel for the northern provinces.

Cigarette Law Valid.

Washington, April 10.—The United States supreme court yesterday in an opinion read by Justice Peckham, affirmed the validity of the anti-cigarette ordinance of Chicago. A dealer who had been arrested and fined for selling cigarettes in violation of the ordinance, appealed to the supreme court, alleging that the ordinance was in violation of the 14th amendment of the constitution. The court said that the ordinance had been properly passed and was not obnoxious to the 14th amendment and was valid.

The Hoosiers Win Out.

Richmond, Ind., April 10.—The first series of three games between the local polo team and Hartford, Conn., the eastern champions, here last night was won by the former by a score of 6 to 4.

Caught in the Act.

Pacerson, N. J., April 10.—United States secret officers from Philadelphia yesterday arrested William Moore in this city, while he was at work manufacturing counterfeit silver money.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root, the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Birmingham, N. Y., and mention this paper.

FOR COUNCILMEN.

Second Ward—Geo. F. Beckman.

Third Ward—Jas. A. Willey.

Fourth Ward—Henry P. Miller.

Fifth Ward—Len W. Bartlett.

DEWEY like David B. Hill says, "I am a democrat."

But that does not settle the question. What kind of a democrat, please?

SEYMOUR should send a large delegation to the republican love feast at Columbus tomorrow evening and to the district convention Thursday.

THE committee appointed by the commercial club to solicit for a manufacturing enterprise which has made a proposition to locate in Seymour is at work today.

This is a matter in which all should at once be interested.

An enterprise with a hundred thousand dollars investment besides a working capital, located here would be a benefit that all concede.

The employment of 150 more men in Seymour at good wages would help every line of business in our city.

It is a matter worth working for and with an earnestness that will bring results.

The undertaking can be made to succeed if all will help.

It is a matter of common interest to all the citizens of the community.

What we need is to work together in this, as well as in other things in which our people are interested and are ready to invest, or have already invested capital.

By so doing good results follow.

POLITICAL BRIEVITIES.

Col. James S. Dodge, of Elkhart, candidate for governor, was in the city today calling on the delegates to the state convention, also a number of friends and acquaintances.

Colonel Dodge was G. A. R. department commander two years ago and made many friends in this part of the state then.

He went from here to North Vernon and from there he will go to the Fourth district meeting at Columbus.

Quite a delegation of Seymour republicans will go to Columbus tomorrow afternoon to remain over for the district convention the next day.

Why not Jackson county have the largest delegation in the district.

The democratic committeemen of the Fourth district are to meet at North Vernon April 13 to fix date of convention.

We were misled by a special in Indianapolis Sentinel, which said May 13.

J. M. McCade and wife, of Delphi, are here visiting her sister, Mrs. D. M. Carpenter.

COMMISSIONERS COURT.

Business Transacted at the Regular Session Last Week.

The Board granted liquor license to Everett Brown of Seymour.

Upon the petition of various citizens of Brownstown, Driftwood and Salt Creek townships for an election in said townships for the purpose of voting a 2 per cent aid to the Indianapolis Southern Railway, the Board granted the same and set the 12th day of May, 1900, for said election. Brownstown township is asked to aid to the amount of \$28,000; Driftwood township is asked to aid to the amount of \$11,000; Salt Creek township is asked to aid to the amount of \$7,500.

The Board also granted a franchise for 50 years to Lesley and Moore, of Indianapolis, to run an electric line from north side of county, via Redding, Seymour, Tampico to south line of county and from Seymour via Brownstown, Valleria, Medora to Sparksville.

The contracts for the building of the Brownstown township gravel roads were let to Shields & DeGolyer, D. H. Fatout, Dempsey Manion and Griffin & Summers for the sum of \$23,800.91.

The citizens of Jackson township presented a petition to have ten different roads graded amounting to about 25 miles. The Board appointed Samuel Carr, engineer; August Elsner and Wm. S. Swengle viewers on said roads to meet on April 23.

The Board spent two days in inspecting and receiving various gravel roads in Hamilton and Jackson townships.

The Boards of Jackson and Jennings counties will meet at the Hotel Jonas, in Seymour May 8th to take further action on the construction of a gravel road on the county line between the two counties.

Democrats Nominate Councilmen.

There was a mass meeting of Seymour democrats in the council chamber last night. They got together to formally ratify the nominations for councilmen made previously by a little crowd of "fixers." Frank Heuser called order and the "fixers" named five candidates for council without a word of protest from the brethren present. The men picked out to do the running for the party are: Mose the Boss, First ward; Dr. H. R. Kyte, Second ward; Peter Nichter, Third ward; Lawrence Ebner, Fourth ward; and Louis Weineke, Fifth ward. S. A. Barnes was appointed election commissioner.

The candidates present, and they were all there but Ebner, were called out to give a sample of the kind of oratory they would dispense in the council chamber in the event of their election. It was a severe test. The speech of the evening was made by A. N. Menden who was so badly slaughtered by Seymour democrats in the county primary.

Ed. Hancock and family are visiting his parents at Memphis.

T. R. Carter will finish papering the Feadler House this afternoon.

If troubled with rheumatism, give Chamberlain's Pain Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frostbites, quinsies, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cents. C. W. Milhous, druggist, j3.

Misses Emma Lynch and Anna Veshlage, near Cortland, went to Terre Haute today to attend normal school.

Miss Jennie Williams, after a visit to her uncle Prim Williams and family on Laurel street, returned to Colorado Springs today.

James Raddick, of Valleria, shipped a car of walnut lumber to the Seymour Furniture Factory last evening. He was called home this morning by the serious illness of his wife.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by W. F. Peter, druggist.

A Stryke is surely contagious. Dr. King's Stryke is sure preventive.

To Unseat Clark.

Saw Dust Pile Ablaze.

A small blaze started in the saw dust pile at the Chair Factory about 10:30 last night. The fire department was called out but the fire was out before the arrival of the firemen. Damage of no consequence.

Another Small Blaze.

Shortly after noon today the residence of Perry A. Jones caught fire in the roof from sparks from the flue, but was extinguished before much damage was done. The fire department was called out.

Meeting at the Christian Church.

A protracted meeting or revival will be conducted at the new Christian church in this city beginning Monday evening the 16th. Rev. Mr. Veach, the pastor, will be assisted by Rev. F. M. Tindler, the well-known pastor of the Christian church at Carlyle, Ky. Dr. Tindler is one of the most successful ministers in the Bluegrass State. During his long and eventful ministry he has served only two churches. He grows upon a community with time and experience. He is a clear and forcible teacher, an orator in the best meaning of the word, an unremitting worker, kind and tactful, a striking example of the helpful gospel which he preaches. We congratulate Elder Veach whose success in our city has been marked, the plucky little church which he serves and the whole community, upon the good fortune of having Dr. Tindler in our midst.

The Christian church is one of the most rapidly growing churches in our country. It numbers now 1,118,000 souls. The membership in Indiana alone is now more than 100,000. It will be remembered that this is the communion with which President Garfield stood. Some of the leading men in both branches of our nation's congress are identified with this people.

TO BE DEPENDENT ON.

Because it is the Experience of a Seymour Citizen and can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience. It's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living in distant points because we can't investigate, but public expression of local citizens can be depended on for reference like the following is beyond dispute:

Mr. Jesse Day, of Mill street, veteran of the civil war, says: "I procured Doan's Kidney Pills, sold by C. W. Milhous, the druggist, and their use strengthened my back and removed the pain. They also banished the aching in the back and top of my head and regulated the action of the kidney secretions. There has been no return of the trouble since."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember to get Doan's and take no other.

Remarkable Cure of Rheumatism.

KENNA, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size.

Mrs. S. Maddox insisted on using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.

Dangerous Drugs

Like Opium, Morphine, Chloral, etc., which Enslave and Destroy
Are not Used in any Shape or Form in Compounding the Great Restorative,

Dr. Miles' Nervine.

Dr. Miles' Nervine has been before the public a number of years and has earned an enviable reputation by its many wonderful cures of nervous diseases. It is perfectly harmless, as it contains no trace of opium, morphine, chloral, cocaine or other narcotics or poisonous drugs, and may be taken by most delicate people without fear of contracting the drug habit. Neither does it contain alcohol or other stimulating agents which build up false hope for a time and then let their victims down to lower depths of despondency. Dr. Miles' Nervine strengthens weak nerves, rests tired nerves, quiets irritated nerves and cures diseased nerves. It is a brain and nerve food as well as a medicine and induces

rest and sleep by soothing the weary brain and assisting the nerves to regain their lost vitality. You run no risk in giving this great restorative a trial, for all druggists are authorized to sell the first bottle on a positive guarantee that it benefits or money will be refunded. Get a bottle today.

"I suffered for a number of years from spinal trouble and extreme nervousness, my sleep was broken night after night by those dreadful spells of restlessness, and it seemed impossible for me to get any relief at all except by the use of powerful drugs. My physician treated me but to no avail and at last I began taking Dr. Miles' Nervine. I got relief from the very start and in a few months it had made me feel like a different man in every way. I can cheerfully recommend it to anyone suffering as I did."

Wm. Miller, box 14, Dalton, Mass.

"Some time ago our daughter, Mrs. Eliza Beth Topping, was so badly afflicted with nervous prostration that she nearly lost her mind. She was unable to do any work and suffered so much that she got into the habit of using morphine to quiet her nerves. This condition lasted nearly three years, and she was almost a total wreck in body and mind when a lady told us about Dr. Miles' Nervine and we began giving it to her. A few bottles of this wonderful remedy cured her of the morphine habit, and removed the trouble which had been the cause of her suffering. Since then she has been a well woman."

LEND A HAND.

If a Brother or Sister is in Trouble, Give Assistance

It is true charity to lend assistance to one who, amid difficulties, is earnestly striving to do right. A pleasant word or a helping hand at the right moment might be the turning point in a life and the means of changing the future of one who is on the verge of despair.

Some people go through life burdened with disease, struggling to free themselves from the yoke of bondage, but unable to throw off the demon.

When the stomach and liver become diseased, the blood impure, and the whole system run down, nature needs a helping hand. She struggles heroically to free herself from the fangs of the disease; but she must have assistance. Knox Stomach Tablets are just the assistance needed. They act directly on the blood, stomach, liver and bowels, and help nature to throw off the poisons, and render strong, healthy, and sound men and women who have been chronic invalids for years. After a few days' use, the sufferer will note the positive return of health. Knox stomach Tablets are a combination of the very best remedies known to medical science. One box will be worth more than gold to the dyspeptic. An immediate relief for indigestion and a positive cure for dyspepsia.

They are put up fifty tablets in a box and sold for fifty cents by druggists. If unable to secure them of your dealer, send his name with fifty cents and your address to the Knox Chemical Co., Battle Creek, Mich., and a full sized box will be sent postpaid.

What a lady in New York City says of Shinkle's Cure for Dyspepsia:

Dear Sir:—I am now taking the fourth bottle of Shinkle's Cure for Dyspepsia, and I find this remedy very beneficial. It is more helpful to me than any doctor's prescription, or other cure for dyspepsia, has been.

FATAL FIRE

One Man Killed and 42 Horses Cremated at Peru.

Peru, Ind., April 10.—A disastrous fire occurred here yesterday in the burning of the large brick livery barn owned by Mrs. Emma Bearss and leased by the Ward Bros. One life was lost, Reilly Gregory, 30 years old, who was employed by the firm. Forty-two head of horses were cremated, together with the landaus, hacks, buggies, harnesses and other property. The total loss will exceed \$25,000, with \$3,000 insurance. Hard work by the fire department saved adjoining buildings. Gregory who was on the second floor, became confused and his one idea seemed to be to go back through the living hell to the stairway entrance, where he was burned to death.

Race Horses Cremated.

Tipton, Ind., April 10.—The large barn owned by Grant Hoover, in the northeastern part of the county, was consumed by fire yesterday, together with contents, which included two valuable race horses.

Livestock Burned at Lewisville.

Lewisville, Ind., April 10.—The residence and barn of the Gaar farm near here was destroyed by fire yesterday with contents and much live stock. Loss \$50,000; partly insured.

Tons of Molten Glass.

Noblesville, Ind., April 10.—The large tank at the bottle factory in this city broke yesterday afternoon and hundreds of tons of molten glass flowed in streams beneath the floors of the building. The loss consisted principally of the glass that was destroyed and will amount to \$7,000. The accident will necessitate the factory closing down for two weeks for repairs.

An Ideal Village.

Petrolia, Ind., April 10.—This village, with its 62 families, has no doctor, lawyer, preacher, saloon, drug store, nor even a quarrelsome person. On the other hand, there are 37 cows, 39 horses, 41 song birds in the homes and 62 well-kept gardens.

Martinsville School Bonds.

Martinsville, Ind., April 10.—The city council has authorized the sale of \$10,000 in bonds for the erection of a school building.

LAMENTABLE CONDITIONS

Reports From the Texas Flood District Show Fifty Lives Lost.

Austin, April 10.—The flood situation here is improving somewhat, but the reports from points below indicate that the full effect of the immense volume of water is being felt in Wharton and Lafayette counties, everything being inundated and much loss of property and live stock being reported. Advances from the area surrounding the county seat of Bastrop county are to the effect that there has been some loss of life among the farming class as their homes were inundated without warning by the tidal wave.

In the southern part of the county several people are missing, the number representing a family of six Italian and two negro families. It may be that they have escaped but no information can be secured as to their whereabouts and as their homes have been washed away it is presumed that they perished in the rushing waters.

Water Receding But Slowly.

Gonzales, Tex., April 10.—The flood situation here is not much improved, the river falling but slowly. There has been great loss to cattle in the river bottoms and it is feared a dozen or more lives have been lost. A Bohemian and his wife, panic-stricken, jumped into the turbulent waters, 10 feet deep, and were almost immediately drowned when they could have remained in safety. It is thought a negro boy of Marcus Tate's is also drowned and two Mexicans are missing. Reports came in that a number of bodies have been caught on snags and barbed wire fences. The river farms are ruined, but the total loss can not be estimated as yet.

Fifty Lives Lost.

Dallas, Tex., April 10.—Reports received here from the southern and southwestern Texas flood section, show conclusively that more than 50 lives have been lost, including those at Austin. The names of at least one-half of the victims are not obtainable because of the isolation of the localities from railroad and wire lines.

Five Travelers Drowned.

San Angelo, Tex., April 10.—A report is current here that five travelers encamped at the confluence of the Little Comcho river and Kiowa creek, were drowned in the flood.

Defaulting Treasurer Flees.

Itasca, N. Y., April 10.—Charles Ingerson, the defaulting county treasurer, under bonds of \$10,000 to appear in court yesterday, has fled. His bond was surrendered as soon as his flight became known, and strenuous efforts are being made to recapture him.

A Centenarian's Estate.

Greenfield, Ill., April 10.—The estate of the late E. L. Cooper of this place, who died at the advanced age of 100 years, consists of real estate valued at \$35,000, and personal property valued at \$12,000. There are 20 heirs.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over my body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

Beware of Ointments for Catarrh that Contain Mercury.

Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.
